Earlham PIE (*Partners In Education*) is a nonprofit, volunteer parent/teacher organization whose mission is to promote open and positive communication and understanding between parents and staff of the Earlham Community School. Our efforts serve to enhance and maximize the education of every child while aiding them in achieving their highest potential.

PIE provides financial assistance to teachers and students in their classroom settings, holds fundraisers for supplemental educational materials and experiences, and supports school and family social interaction. It is our belief that the team effort of a parent/teacher organization offers the best possible learning environment for our children.
